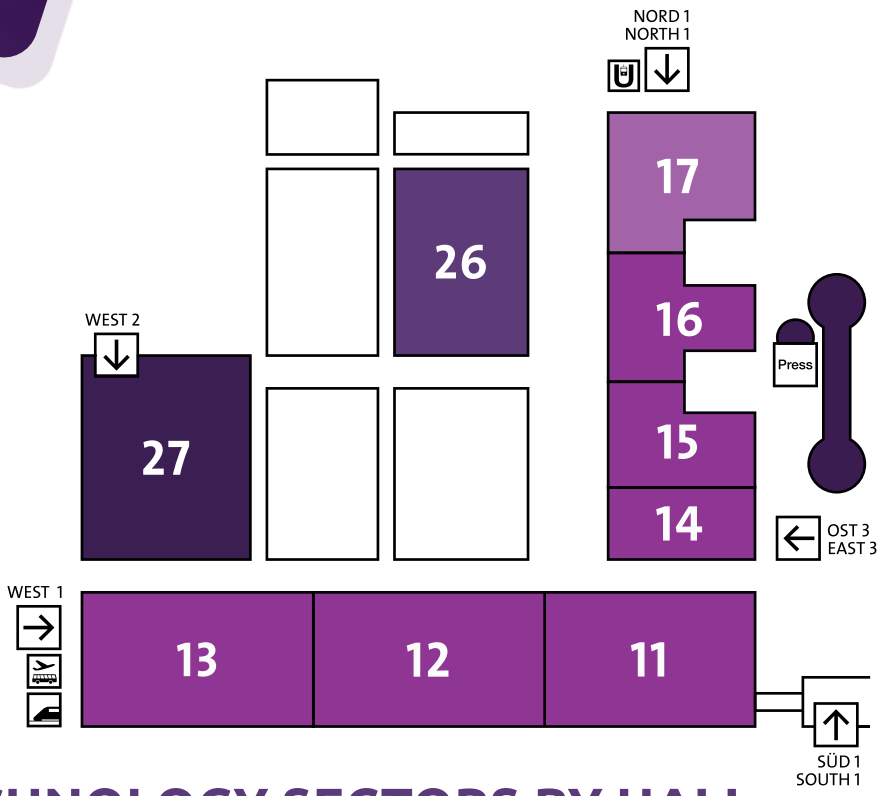
EURO BLECH



TECHNOLOGY SECTORS BY HALL

Sheet metal, semi-finished and finished products (ferrous/non-ferrous)							17		
Handling technology							17		27
Separation technology	11	12	13	14	15	16			
Forming technology									27
Flexible sheet metal working technology	11	12	13	14	15	16			
Tube/section working	11			14	15				
Processing of sheet metal / plastic hybrid structures							17		27
Machine elements and components	11	12	13	14	15	16			
Joining and fastening technology								26	
Surface technology								26	
Tool technology for sheet metal / plate working							17	26	27
Process control and quality assurance	11	12	13	14	15	16			
Data processing (hard- and software)	11	12	13	14	15	16	17	26	27
Factory and warehouse equipment, safety at work, environment protection	11	12	13	14	15	16	17	26	
Services, information and communication	11	12					17	26	27
