TECHNOLOGY SECTORS BY HALL

	11	12	13	14	15	16	17	27
Sheet metal, semi-finished and finished products (ferrous/non-ferrous)							■	
Handling technology							■	■
Separation technology	■	■	■	■	■	■		
Forming technology								■
Flexible sheet metal working technology	■	■	■	■	■	■		
Tube/section working	■			■	■			
Processing of sheet metal / plastic hybrid structures							■	■
Machine elements and components	■	■	■	■	■	■		
Joining and fastening technology						■		
Surface technology						■		
Tool technology for sheet metal / plate working						■	■	■
Process control and quality assurance	■	■	■	■	■	■		
Data processing (hard- and software)	■	■	■	■	■	■	■	■
Factory and warehouse equipment, safety at work, environment protection	■	■	■	■	■	■	■	
Services, information and communication	■	■				■	■	■
