Next week: EuroBLECH 2022 reveals the future of sheet metal working

EuroBLECH 2022, the 26th International Sheet Metal Working Technology Exhibition, opens its doors next week at the Hanover Exhibition Centre in Germany. From 25 – 28 October 2022, 1,300 exhibitors from 39 countries will showcase their latest innovative manufacturing solutions. Reflected in this year's motto 'Your gateway to a smarter future', EuroBLECH 2022 focuses on intelligent solutions and the ongoing automation and digitalisation of the manufacturing chain to enable an increase in output and efficiency.

With a net exhibition space of around 87,000 square metres, the event covers the entire sheet metal working technology chain, presenting 15 technology sectors across 9 halls. More than 50% of the exhibitors come from outside Germany reflecting the global importance of the industry sector. The major exhibitor countries, besides Germany, are Italy, Turkey, China, Switzerland, the Netherlands, Spain, Belgium, Poland, Austria, Portugal, France and the USA.

After a compulsory break, this year's edition marks the long-awaited return of the world's leading trade exhibition for the sheet metal working industry. The exhibition provides the opportunity to finally catch up with the latest innovations that have been developed in the past few years, as well as meeting with new and existing business contacts. Numerous live demonstrations at the exhibition stands offer trade visitors the opportunity to experience machines and systems from all areas of sheet metal working in action.

EuroBLECH 2022 Presentation Area

In addition to the innovations and numerous live demonstrations at the exhibition stands, attendees can look forward to the launch of the EuroBLECH 2022 Presentation Area. Located in hall 26 (stand L60), the new show feature delivers more than 25 sessions throughout the four exhibition days, offering exciting insight into innovative companies and projects, interesting discussions and valuable networking opportunities. Attendance is free of charge to all registered exhibitors and visitors and the programme can be found on the show website.

Exhibitors and products

Both the EuroBLECH Exhibitor List tool and the Online Show Preview with detailed information on the many exhibitors and products are regularly updated and available at www.euroblech.com. The Exhibitor List tool helps users effectively prepare for their visit by

finding the companies and products most relevant to them. The Online Show Preview provides an overview of the wide variety of innovations, technologies and systems on display at the event.

Access to the show

EuroBLECH 2022 will be held in halls 11, 12, 13, 14, 15, 16, 17, 26 and 27 at the Hanover Exhibition Grounds in Germany. The opening times are from Tuesday, 25 October 2022 to Friday, 28 October 2022, from 9:00 to 18:00. Entrance tickets for EuroBLECH 2022 are available via the online ticket shop at a discounted price. Tickets can also be purchased on-site throughout the duration of the exhibition. International flight connections, as well as the excellent local infrastructure make the venue in Hanover easily accessible by plane, car and public transport. Further information is available in the Travel Hub on the website. Further detailed information about the exhibition, as well as travel and accommodation, is available on the show website.

EuroBLECH App

The new EuroBLECH App for Android and iPhone is now available to download via the App Store. It includes an interactive area map and a function to search for exhibitors and plan your visit to the show, as well as further useful features for visitors of EuroBLECH.

Student Day at EuroBLECH 2022

The young generation is increasingly gaining importance in the sheet metal working industry due to the digital transformation and the related changes to occupational profiles. In addition, the last few years have been challenging to get a foot in the industry due to insufficient in person events and networking opportunities. Therefore, EuroBLECH offers students the opportunity to visit EuroBLECH free of charge. On Friday, 28th October 2022, students will be able to get free entry to the show when presenting a valid student ID at the entrance. During all other show days, students are invited to visit at a reduced student fare of €18 per day ticket.
