## **EuroBLECH 2022: What the future of sheet metal working looks like**

The world's leading trade exhibition for the sheet metal working industry is back and opens its doors from 25 – 28 October 2022 at the Hanover Exhibition Grounds in Germany. A total of 1,300 exhibitors from 39 countries are ready to showcase their latest innovative manufacturing solutions covering a total net exhibition space of 88,000 square metres. Reflected in this year's motto 'Your gateway to a smarter future', EuroBLECH 2022 focuses on intelligent solutions and the ongoing automation and digitalisation of the manufacturing chain to enable an increase in output and efficiency.

After a compulsory break, the sheet metal working community is looking forward to doing business in person and on a large international scale again. As the world's leading exhibition for the industry, EuroBLECH 2022 provides the opportunity to finally catch up with the latest innovations that have been developed in the past few years as well as meeting with new and existing business contacts. "Experiencing machines and systems in action, fostering business relationships and discovering what the future of sheet metal working looks like. All live and in person. This is what EuroBLECH is about!" says Evelyn Warwick, Event Director of EuroBLECH, on behalf of the organiser Mack-Brooks Exhibitions.

"Covering the entire sheet metal working technology chain, exhibitors will present everything they have on offer to innovate and digitalise the manufacturing process. We're talking about companies like ADIGE SPA, Amada GmbH, ArcelorMittal Commercial Germany GmbH, BAYKAL MAKINA SAN. VE TIC. A.S., BLM Spa, Bystronic Laser AG, DURMAZLAR Makina San. ve. Tic. A.S., ERMAKSAN MAK. SAN. VE TIC. A.S., KUKA Deutschland GmbH, LVD COMPANY NV, Mazak EU Laser HQ, Mitsubishi Electric Europe B.V, MOTOFIL Group, Otto Bihler Maschinenfabrik GmbH & Co. KG, PRIMA POWER GmbH, SafanDarley B.V., SALVAGNINI, Salzgitter AG, Schuler Pressen GmbH, ThyssenKrupp Steel Europe AG and TRUMPF Werkzeugmaschinen SE + Co. KG to name but a few", concludes Evelyn Warwick. Major exhibitor countries are Germany, Italy, Turkey, China, Switzerland, the Netherlands, Spain, Belgium, Poland, Austria, Portugal and the USA.

### **NEW: EuroBLECH 2022 Presentation Area**

In addition to the innovations and numerous live demonstrations at the exhibition stands, attendees can look forward to the launch of the EuroBLECH 2022 Presentation Area. Located in hall 26 (stand L60), the new show feature delivers around 20 sessions throughout the four exhibition days offering exciting insight into innovative companies and projects, interesting discussions and valuable networking opportunities. Attendance is free of charge

to all registered exhibitors and visitors and further information will be released closer to the show.

### **Exhibitor List and Show Preview available**

Both the EuroBLECH Exhibitor List tool and the Online Show Preview with detailed information on the many exhibitors and products, are regularly updated and available at [www.euroblech.com](http://www.euroblech.com). The Exhibitor List tool helps users to effectively prepare their visit by finding the companies and products most relevant to them. The Online Show Preview provides an overview of the wide variety of innovations, technologies and systems on display at the event.

### **Student Day at EuroBLECH 2022**

The young generation is increasingly gaining importance in the sheet metal working industry due to the digital transformation and the related changes to occupational profiles. In addition, the last few years have been challenging to get a foot in the industry due to insufficient in person events and networking opportunities. Therefore, EuroBLECH offers students the opportunity to visit EuroBLECH free of charge. On Friday, 28 October 2022, students will be able to get free entry to the show when presenting a valid student ID at the entrance. During all other show days, students are invited to visit at a reduced student fare of €18 per day ticket.

### **EuroBLECH App**

The new EuroBLECH App for Android and iPhone will be available to download via the App Store from mid-September. It includes an interactive area map and a function to search for exhibitors and plan your visit to the show, as well as further useful features for visitors of EuroBLECH.

### **Access to the show**

EuroBLECH 2022 will be held in halls 11, 12, 13, 14, 15, 16, 17, 26 and 27 at the Hanover Exhibition Grounds in Germany. The opening times are from Tuesday, 25 October 2022 to Friday, 28 October 2022, from 9:00 to 18:00. Entrance tickets for EuroBLECH 2022 are available via the online ticket shop at a discounted price. Tickets can also be purchased on-site throughout the duration of the exhibition. International flight connections, as well as the excellent local infrastructure make the venue in Hanover easily accessible by plane, car and public transport. Visitors requiring a visa to travel are recommended to start their preparation as early as possible. Further information is available in the Travel hub on the website. Further detailed information about the exhibition, as well as travel and accommodation, is available on the show website [www.euroblech.com](http://www.euroblech.com).
